

Eloise Narrigan's [Critter Comfort illustrations for Twist Collective's winter issue](#) inspired a small frenzy when she opened [an Etsy shop](#) before Christmas, and she quickly sold out of the limited print run.

A little time has gone by, and Eloise recently restocked her shop with fresh prints of her snuggly sweet bunnies, blue jays, and friends, and has added some other things we love too.

She ships quickly and carefully, and ever one of them is sure to brighten your kitchen or studio space. Tell her we sent you.
