

Funny thing about writing a blog is how often you run into people who never actually read the **words**, but instead just look at the pictures. So for the benefit of those who glaze over after a few dozen of the things, here in living color is what I meant when I said a few posts ago about how dressy accessories can transform a sweater into a party sweater, using [Marnie MacLean's Bijou](#) as an example:

[Bijou by Marnie MacLean](#)
