

Slip, Slip, Knit Variation (ssk)

This variation on [ssk](#) is often attributed to Elizabeth Zimmerman and Meg Swansen.

This is a left-leaning decrease.

It looks the same on the right side as [ssp](#).

It mirrors with the right-leaning decrease [k2tog](#).

Slip one stitch as if to knit.

Slip a second stitch as if to purl.

Insert the left needle into the front of the slipped stitches and knit. Since you don't re-orient the left-hand stitch when you slip it as if to purl, it is twisted as it lies under the right-hand stitch. Proponents of this variation say the decrease is smoother, and a better mirror image of the k2tog.

Decrease How Tos:

Right-Leaning Single Decreases

[Knit Two Together](#)

[Purl Two Together](#)

Left-Leaning Single Decreases

[Slip, Slip, Knit](#)

[Slip, Slip, Knit
